Education

United College of Engineering and Research

2022 - 2026

Bachelor of Technology in Computer Science and Engineering

CGPA = 8/10

Saraswati Shishu Mandir Sr. Sec. School — CBSE

2021 - 2022

Class 12th

Percentage = 71

Saraswati Shishu Mandir Sr. Sec. School — CBSE

2019 - 2020

Class 10th

Percentage = 88

Internship

MindMaps Technologies

Oct 2025 - March 2026

Python Developer Intern

- Developed and maintained scalable web applications using **Python** and **Django**.
- Built and consumed **RESTful APIs** using **Django REST Framework (DRF)** for seamless client-server communication.
- Designed database models and performed CRUD operations using **Django ORM** with optimized queries.
- Applied **user authentication and authorization** using Django's built-in auth system and JWT.
- Worked with **SQL Server/PostgreSQL** databases and ensured data integrity and performance tuning.
- Integrated frontend technologies like **HTML, CSS, JavaScript** and Django templates.

Projects

CardioGuard | *Machine Learning* | [GITHUB](#)

- Developed a machine learning model to predict **heart disease and cardiac arrest** risk in post-COVID patients using clinical and biometric data, achieving **85% accuracy**.
- Implemented and compared **Logistic Regression** and **Random Forest** algorithms to build a reliable classification system for **early detection and risk assessment** of cardiovascular conditions.

College ERP System | *Web-Based Management System* | [GITHUB](#)

- **Engineered a role-based College ERP system** using **Python (Django)** for Admin, Teacher, and Student functionalities, enabling centralized academic management.
- Enforced modules such as **attendance tracking, result management, and fee management system**, along with secure **authentication and authorization** using Django.

Shopify E-Commerce Website | *E-Commerce Web Application* | [GITHUB](#)

- **Improved an e-commerce website** using **Shopify**, customizing themes and layouts to create a responsive and user-friendly online store.
- Delivered product listings, **shopping cart**, and secure **payment integration**, along with optimization for performance and user experience.

Technical Skills

Languages: Python, SQL

Frameworks: Django, Flask, REST APIs, Django REST Framework

Web Technologies: HTML, CSS, JavaScript

Databases: PostgreSQL, SQL Server

Concepts: OOPs, DBMS, Machine Learning, API Development, Problem Solving

Soft Skills: Self-learning, Leadership, Hardworking, Disciplined

Achievements/Certifications

- * Best Speaker – AKTU Zonal Fest (2024), UYP (2023)
- * Python – Infosys Springboard
- * Full Stack Development – 30 Days Coding
- * Published IEEE Research Paper – IC2SDT 2025
- * HackerRank **5-Star Badge (SQL)**
- * Data Analytics Job Simulation – Deloitte Australia
- * Core Member – The English Channel Club
